

Healthy  
Workplaces  
for All Ages

## OFFICIAL CAMPAIGN PARTNERS 2016 – 2017

Companies and associations from the private and public sector have joined forces with us in the Healthy Workplaces Campaigns. The campaign partners help to publicise the importance of occupational safety and health through a variety of activities, including conferences, seminars and training sessions. Engaging with large-scale organisations can be particularly effective, as it means that our messages can reach small and medium-sized enterprises through the supply chains that those large organisations have.
